

Structural Demolition Superintendent

Environmental Holdings Group (EHG), an environmental remediation and demolition company located in Raleigh NC, has an immediate need for a Structural Demolition Superintendent. Our ideal candidate will possess a strong work ethic, be self-motivated, able to multi-task and be a problem-solver, show a strong attention to detail and organization, and - most importantly - believe in a team-oriented approach.

Key Responsibilities are and not limited to:

- Management and Coordination of Trucking Fuel, Equipment, Rentals, Maintenance and Repairs.
- Project Documentation to include daily reports, demolition plans, equipment maintenance reports, project documentation and timesheets.
- Daily coordination with EHG's Project Managers and General Contractor Superintendents.
- Coordination and sequencing of all structural demolition with EHG's PE.
- Coverage of equipment operator when not available.
- Travel to all locations for projects that would require employment functions.
- Coordination of locations and cost savings for inert debris disposal.
- Continuing education of structural demolition tactics to include torch burning and dismantlement.

Requirements:

A minimum of 5 years of relevant work experience in the construction industry (demo, asbestos and/or lead hazard abatement experience preferred).

Candidate must be familiar with a wide range of heavy equipment and how they interact during the demolition process.

Construction and job costing experience.

Ability to read and interpret Construction Drawings and Specifications.

Able to work well as a team player and communicate with all field personnel and management.

Problem solving/troubleshooting ability.

Strong communication and organizational skills, with an attention to detail and a commitment to follow-through.
