

**Position: Robotic Demolition Specialist**

Environmental Holdings Group (EHG), is a demolition and environmental remediation company with an immediate opening for a Robotic Demolition Specialist. We are seeking a qualified candidate to execute robotic demolition activities in the field. This position will operate out of EHG's Raleigh Office.

**PRIMARY FUNCTION:** The Robotic Demolition Specialist will assist in the execution, development, and leadership of our robotic demolition services (Brokk / DXR). This will include an active role in field performance and robotic activities.

Key Responsibilities are and not limited to:

- Execution of robotic demolition activities in the field.
- Equipment Tracking and Maintenance.
- Working with Project Managers to execute projects in a timely manner.
- Assist in equipment selection.
- Maintain proper paperwork.
- Traveling for project opportunities in different market places.

Requirements:

- Valid Driver's License.
- OSHA 30 preferred.
- Experience with Robotic Demolition equipment is preferred.
- Uncompromising attention to detail.
- Conduct one's self in a professional, responsible and enthusiastic manner in dealing with all clients, employees, etc.
- Must be very hands on, pro-active, motivated, self-starter able to work independently and as a team member.
- Able to prioritize and handle multiple projects and tasks.
- Pay based on experience.

EHG "Excellence in Environmental and Demolition Services" Environmental Holdings Group (EHG), the premiere provider of demolition and environmental hazard remediation services for some of the nation's leading firms, institutions, and government agencies is seeking an Estimator/Project manger with Construction Industry Experience.
